

REMARKS

Specification

5

Abstract

A new Abstract has been proposed which is shorter and is believed to comply with Examiner's requests.

10

Inventor has included information discussing the claimed portion of the invention at the end of the Background of the Invention and in the Summary of the Invention.

Inventor has filled in the blank on page 86 of the Specification.

15

Claims

Claims 1, 8, 9 and 11 have been amended to be consistent with the phrase "tear-able material" from its first use in claim 1, line 30. Claim 10 has been amended to specify said
20 "top" release liner layer.

It is believed that inventor has complied with Examiner in making this Application in good condition.

25 Therefore, it is respectfully submitted that the claims, as amended, are clearly distinguishable over the prior art and are allowable. Applicant respectfully solicits allowance of these claims.

Respectfully submitted,

30
